CERTIFICATIONS

Croma Campus (September 30, 2022)
Front End Developer

Seeking a position in a reputed organization where I can learn new skills, expand my knowledge, and enhance my learnings. To get an opportunity where I can make the best of my potential and contribute to the organization's growth

WORK EXPERIENCE

Luxe Car Wash And Care Private Limited
Front End Developer   (October 03, 2022 - Present)

- I creates websites and applications using web languages such as HTML, CSS, and JavaScript that allow users to access and interact with the site.
- I create the user interface (UI) that determines what each part of a site or application does and how it will look.
- I builds the front-end portion of websites and web applications—that is, the part that users actually see and interact with.
- I also have knowledge of Google Analytics and know how to implement its code on website to see website traffic.
- And for buy domain and website hosting I used NameCheap.
- Collaborated with designers to implement concept and design of website.
- Wrote and created codes and programmes to infuse power for databases and servers.
- Laid groundwork of SEO to increase visibility and enable adding fresh pages to site.
- Demonstrated expertise in HTML5, CSS3, object-orientated JavaScript and large JavaScript applications.
- Built reusable code that could be utilised in other projects, saving company £[Amount].
- Designed and implemented website interface for mobile, desktop and tablets.
- Built reusable code to utilise for other projects and to minimise costs.
- Researched new programming languages, frameworks and technologies to stay abreast with latest trend.
